

We are expecting to widely gather outstanding academic talents from all over the world. On the journey of the new century, Tsinghua University sincerely invites outstanding academic talents to join us and step forward to the center of the world stage.

Let us make history and write a glorious chapter together. As a flag of Chinese higher education, Tsinghua University is implementing the core strategy of strengthening our university by talents with unprecedented determination and confidence, and accelerating our pace to develop into a world leader in talent and innovation. Today, we intended to

information technology, and/or have made major theoretical breakthroughs in basic mathematics and physics; or an expert and/or a scholar with outstanding original achievements, teaching and research achievements, and international academic leadership.

### Remuneration and Benefits

1. Position: Chair Professor;
2. Remuneration: salaries and benefits on a par with those for counterparts at the
